To the Commissioner of Patents and Trademarks:

REQUEST FOR AN EXTENSION OF TIME

It is respectfully requested that the shortened statutory period for response set to expire on May 16, 1979 be extended one month so as to expire on June 16, 1979.

This additional time is necessary as the prosecution of this application has been recently transferred to the undersigned. Sufficient time does not remain in the original three month period for consultation with the inventors, review of this and the parent file history, and the filing of an appropriate response which may involve the submission of data. Accordingly, this one month extension is requested.

This is the first request for an extension of time in this application.

Respectfully submitted,
